WIQH(FM) Channel 202

WJH(FM), Channel 202

The map displays the predicted magnetic field contours for a proposed power line in the Boston area. The contours are labeled with the following values:

- 1.0 mV/m (60 dBu)
- 3.16 mV/m (70 dBu)

The map includes major cities and towns such as Boston, Worcester, Springfield, and various surrounding communities. It also shows state boundaries for Massachusetts, New Hampshire, and Connecticut. A scale bar at the bottom indicates distances in miles (0 to 40) and kilometers (0 to 50).

### BASE MAP

STATEMENT OF QUALIFICATIONS

I, Edwin G. Roos, of Concord, Massachusetts, state:

That I am an experienced and qualified radio broadcast engineer;

That I attended Dartmouth College in Hanover, New Hampshire, where I majored in Engineering Sciences;

That I have held a General Class Radiotelephone License since 1983, and presently hold General Class Radiotelephone License number PG-1-14570;

That I have worked in the field of Broadcasting since 1979;

That I have been employed in the field of Broadcast Engineering, full-time, since 1983, and have also served as a technical consultant to several radio stations during that time;

That I have prepared, or have caused to be prepared under my direct supervision, the technical data contained herein, and that all of the data and calculations are true and accurate to the best of my knowledge and belief.

This is to certify that the Equal Employment Opportunity laws as noted on FCC form 340, section VI do not apply to Radio Station WIQH, by virtue of the fact that the radio station does not have any full-time or part-time employees. However, it is to be noted that in all of its programs and activities the Concord-Carlisle Regional School District, owner and operator of Radio Station WIQH, adheres to and abides by all equal opportunity legislation, specifically Title 9, Chapter 622, and Section 504 of the Rehabilitation Act of 1975.
